

12/09/2006

Hi Greg,

Positive report already on the Graffiti Safewipes. Mick Baker reported back not long after we left that they are brilliant... so we are on a winner immediately.

I reported to my Operations Manager the positive outcome at the Skate Park this morning. It has been a long-term goal to have that facility cleaned and maintained.

I think we now have the product that will actually work so... thank you!

Kind Regards

Fred Painter
